

TRADE FOR FREEDOM

FX-START COURSE DETAILS

FX INDUSTRY OVERVIEW

What is the FX market? Where is it traded? and by whom? In depth explanation of currency pairs, how they relate to each other. Understanding the concept of dollar bias, and currency pair correlation.

CHART ANALYSIS

Understanding what the charts are telling us. How to spot, and map out, trends and consolidations. Multiple time frame chart analysis. Candlestick patterns / optimum setups, and patterns. Understanding market cycles.

TRADING PLATFORM

Introduction, and walk through of Trading view platform. Building charts. Learning the tools library. Recording and logging of charts, and trades.

TRADING STRATEGIES

In depth walk through of different strategies enabling traders to trade around their lives, and schedules. Candlestick by candlestick walk through – finding trade setups, risk analysis, execution, trade management techniques, backed up with Trade For Freedom's trader checklist.

RISK MANAGEMENT

How to trade size correctly, ensuring long term growth, and protection during drawdowns.

TRADING PSYCHOLOGY

Techniques used by me to stay relaxed and stress free during any trade session. I also cover topics like, dealing with pressure from friends/family, how to remain on track to reach your goals, and tips for you to help keep trading fun!

DOCUMENTS

PDF downloads for trader checklist, used by traders to ensure they keep a consistent approach to their trading routine. Trading log spreadsheet designed to get you started on the right foot logging your trades and keeping track of progress.

VIDEO ACCESS

The videos are accessed through the members lounge on the website for you to access via a login and password, given to you on purchase of the course. You can visit the members lounge 24/7 to watch as many times as you wish, the videos are there for all members to access whenever they wish, as we have many members from all time zones.

SKYPE SESSION

I am also available for one to one sessions on Skype, these can be arranged directly through our contacts page on the website. Giving the member a chance to discuss "face to face" any topic related to their trading journey. We also plan to do group Skype sessions for members to ask questions about the strategy and all related topics. These sessions will be done over the coming year, and members will be given plenty of notice to ensure maximum participation.
